

FABRICATION & MACHINING

Success Continues

G & D Enterprises' success continues. Further contracts for specialised projects such as a refurbishment of a bridge in Calderdale for a national cycle-way, ensures G & D Enterprises' future.

They have expanded into yet another workshop in 2005 and look to employ more staff to cope with their expanding order book. G & D Enterprises produce products for the leisure industry, including a picnic table for the infirm or disabled or a junior picnic table with magnetic games.

The pièce de résistance is their cast iron seats. The centre boss on the cast iron end can be developed to reflect client requirements, such as a local authority's coat of arms – so making each one quite unique.

G & D Enterprises has been actively involved in the manufacture of items – a brazier, cast bollards and a crucible – for this year's display by Calderdale MC at the Tatton Park Flower Show. This display won 2nd Price in the entered category.
